	16-16		15-17

¹ Language requirement: one year of foreign language at the level recommended by the Modern Foreign Languages Department based on the student's background.

Recognizing the various professional goals of our students, the department offers groups of courses in several areas of study which contribute toward reaching a specific career objective.

Students who wish to pursue Pre-Medical-Dental studies are urged to take 302, 401, 405, and 426 as Biology electives.

Students who wish to pursue Pre-Professional studies are urged to take 302, 401, 405, and 426 as Biology electives.

Students who wish to pursue Environmental Biology studies are urged to take 304, 326, 419, 431, 432 as Biology electives.

Students who wish to pursue Education studies are urged to take 302, 326, 405, 419, in addition to the required biology courses listed above.

Students who wish to pursue Pre-Physical Therapy studies are urged to take 207, 208, 225, 306, 309, 441, 443, and 445 within a program of the Bachelor of Arts curriculum.

In order to pursue any specific area of study, it is essential that a student plan his/her proposed course sequence in close consultation with his/her faculty advisor and the Chair.

** Students select two of the following: LLRN 120, LLRN 121, LLRN 122, LLRN 123.
